## 1.0 Warranty conditions

The five-year Eminent warranty applies for all Eminent products unless mentioned otherwise before or during the moment of purchase. When having bought a second-hand Eminent product the remaining period of warranty is measured from the moment of purchase by the product's first owner. The Eminent warranty applies to all Eminent products and parts indissolubly connected to and/or mounted on the main product. Power supply adapters, batteries, antennas and all other products not integrated in or directly connected to the main product and/or products of which, without reasonable doubt, can be assumed that wear and tear show a different pattern than the main product are not covered by the Eminent warranty. Products are not covered by the Eminent warranty when exposed to incorrect/improper use, external influences and/or when opened by parties other than Eminent.

## 2.0 Introduction

Congratulations on your purchase of this high-quality Eminent product! This product has undergone extensive testing by Eminent's technical experts. Should you experience any problems with this product, you are covered by a five-year Eminent warranty. Please keep this manual and the receipt in a safe place.

## 2.1 Functions and features

This compact KVM switch allows you to control a maximum of two connected computers by using only one keyboard, monitor and mouse. Toggling computers is easy by using the accessible hotkey combinations. You are also allowed to connect your microphone and speaker-set. Thanks to the built-in 2 port USB hub you can share USB-devices, such as a USB hub, webcam and USB memory stick.

- Auto Scan to monitor the connected computers.
- Special technology for operating on high resolutions (1920 x 1440 max.).
- Easy toggling between computers by using hotkey combinations.
- Compliant with Windows, Dos, Linux, Novell, MacOS 8.6 or later.
- Keyboard and mouse emulation.
- Possibility to also connect audio.

## 2.2 Packing contents

The following parts need to be present in the packing:

- EM1037, 2 Port KVM USB Switch with Audio.
- Users manual.

## 3.0 Installation procedure hardware

1. Turn off all computers.
2. Use the enclosed connection cables to connect the computers.
3. Connect the KVM switch to the computers (The USB plug is used to connect mouse and keyboard).
4. Connect keyboard, mouse, monitor, speakers and microphone to the KVM switch.
5. Wait a few moments until keyboard drivers and USB hub have automatically been installed.

## 4.0 Summary of LED functionality

**LED off:**      *Computer has not been selected.*

**LED on:**      *Computer has been selected.*

### 4.1 Summary of hotkey functionality

Hotkey functions can be divided into 2 groups: 'Standard mode' in which one can toggle between computers and 'Scan mode', in which the switch will automatically toggle between computers.

### 4.1.1 Hotkeys

- Press 'CAPS' twice, followed by '←', '→', '↑' or '↓': will switch to the other computer.
- Press 'CAPS' twice, followed by '1' will switch to computer 1.
- Press 'CAPS' twice, followed by '2' will switch to computer 2.

### 4.1.2 Scan mode

Press 'CAPS' twice, followed by 'S' will switch to the Scan mode. Every 10 seconds the KVM switch will automatically switch between the two computers.

Press 'Escape' to leave Scan mode.
